Would you please share your personal involvement in arts and culture (such as being an artist/performer, attending various events, supporting a spouse/child as they pursue the arts, donating to local organizations, or other items that may be personal to you)? I have written and published seven books – all on Amazon. My wife, Phyllis, is a published poet. She teaches literature. I recently retired from teaching.  

According to the National Assembly of State Arts Agencies FY2019 State Arts Agency Legislative Appropriation Preview (http://bit.ly/nasaa19), Georgia ranks 49th in per capita funding for our State Arts Agency. Do you believe that this is an appropriate level of investment? And why or why not?  

No. We must make a greater public investment in the arts. It is through the arts that we can grow a gentler heart and better understand all people.  

The mission of the Georgia Arts Network is to strengthen, connect, and advocate for the arts in Georgia.

What are your goals for arts education in our public school systems?

I spent 29 yrs teaching and I'm committed to working toward restoring the billions of dollars that have been cut from our schools and using some of the money to promote the arts.

Do you support the statewide legalization of gaming at casino resorts?

I need to learn more.

According to industry consultant CSL’s 2016 analysis of the Casino Impact on Performing Arts Venues (http://bit.ly/CSLCasinoStudy), there is a negative impact on existing local arts and cultural entertainment venues when casino-owned and funded entertainment venues are constructed in the market. Were you aware of this detrimental consequence? Do you think these civic assets deserve formal protection?

I was not aware of this.

Yes, these civic assets deserve formal protection.

Other states that have legalized casino gaming have included language in the legislation to protect local arts and cultural facilities, including provisions to prohibit or limit the capacity of entertainment venues housed at casino resorts. Would you introduce protection for Georgia’s arts and culture facilities? If so, what would you propose?

Yes, I will fight to protect and enhance Georgia's commitment to the arts and culture facilities. I'd propose much greater funding for the arts.

The mission of the Georgia Arts Network is to strengthen, connect, and advocate for the arts in Georgia.
