Would you please share your personal involvement in arts and culture (such as being an artist/performer, attending various events, supporting a spouse/child as they pursue the arts, donating to local organizations, or other items that may be personal to you)?

I have been a musician (singer and player) throughout my life. Both my kids are musicians as well. We regularly attend concerts, plays and museums.

According to the National Assembly of State Arts Agencies FY2019 State Arts Agency Legislative Appropriation Preview (http://bit.ly/nasaa19), Georgia ranks 49th in per capita funding for our State Arts Agency. Do you believe that this is an appropriate level of investment? And why or why not?

No. The arts are a huge part of economic development and quality of life.

The mission of the Georgia Arts Network is to strengthen, connect, and advocate for the arts in Georgia.

What are your goals for arts education in our public school systems?

To acknowledge that music and the arts are an important part of a complete education and should be considered a critical part of the curriculum at all levels.

Do you support the statewide legalization of gaming at casino resorts?

No

According to industry consultant CSL's 2016 analysis of the Casino Impact on Performing Arts Venues (http://bit.ly/CSLCasinoStudy), there is a negative impact on existing local arts and cultural entertainment venues when casino-owned and funded entertainment venues are constructed in the market. Were you aware of this detrimental consequence? Do you think these civic assets deserve formal protection?

I was aware of this.

Other states that have legalized casino gaming have included language in the legislation to protect local arts and cultural facilities, including provisions to prohibit or limit the capacity of entertainment venues housed at casino resorts. Would you introduce protection for Georgia's arts and culture facilities? If so, what would you propose?

I would support legislation that protects our local arts and culture.
